**Errolyn Strang / Manager | Ngaramura Aboriginal High School Suspension Centre**

Errolyn has over 30 years' experience in education and is currently the Manager of Ngaramura. Ngaramura is an Aboriginal High School suspension centre which draws from five local High schools in the Illawarra. The program allows for both Aboriginal cultural education and school work to be undertaken during the suspension period and to continue once the student has re-engaged with school.

**FACILITATED BY: Associate Prof Robert Gorkin III / Researcher in Residence, iAccelerate | University of Wollongong**

Robert has extensive experience at the academic-industry coalface through research and project management in Advanced Manufacturing and Biotechnology. He is an Associate Professor at UOW focusing on the nexus of emerging tech, innovation and social change. He leads the team behind a Gates Foundation project developing revolutionary new condoms. Robert is helping iAccelerate link emerging companies with researchers and entrepreneurial academics with opportunities, as well as helping develop impact investment funds.

### 4IMPACT Planet Panel

**Susie Crick / Chair | Surfrider Foundation Australia**

Susie has been an active member of Surfrider for the past 6 years and her mission is to raise the profile of our organisation. Formerly a competitive professional ice (figure) skater and elite level coach in Figure Skating and Gymnastics, these days Susie's competitive edge is all about growing the Surfrider programs and bringing them to the forefront of marine conservation in the Southern Hemisphere.

**Karen Raubenheimer / Post-Doctoral Research Fellow at Australian National Centre for Ocean Resources and Security (ANCORS) | University of Wollongong**

Karen Raubenheimer is contracted by United Nations Environment Programme (UNEP) to conduct an assessment together with Dr Nilufer Oral of Istanbul Bilgi University, Turkey, on the effectiveness of international and regional governance frameworks to prevent marine plastic litter and microplastics.

**Chris Brown / Commercial Business Analyst | Wollongong City Council**

Chris is a Commercial Business Analyst working at Wollongong City Council, participating in an exciting pilot partnership with iAccelerate. By establishing a research and development incubator program at iAccelerate, Wollongong City Council are creating and fostering an innovative culture. Chris is part of one of the initial teams exploring innovative ways to reduce the amount of waste ending up in landfill.

**Paul Hellier / Founder | Fair Food Forager**

Surfer, environmentalist and entrepreneur. After years of working in the environmental sector and decades of volunteering to plant trees, rescue wildlife and clean beaches. Paul set out to create a website / mobile app "fair food forager" connecting conscious consumers with the venues that deserve their money, reducing waste, plastic and other ethical options.

**FACILITATED BY: Kylie Flament / Managing Director | Green Connect / Founder | Sustainable Illawarra**

Kylie is a passionate, versatile leader in sustainability and healthcare. Known for building strong relationships with a wide range of stakeholders, finding innovative solutions to critical issues, and for leading and motivating teams to deliver great social and environmental outcomes.

### 4IMPACT Profit Panel

**Pia Winberg / Founder | PhycoHealth**

Pia is the founder of iAccelerate resident company PhycoHealth. PhycoHealth takes scientific knowledge to the real world using marine-sourced nutrition to demonstrate that oceans are essential to human wellbeing.

**Jason Graham-Nye / Co-founder, CEO | gDiapers | gNappies | gCycleCircular (Bio has already been published above)**

**Karen Bohm / Founding Partner | Pangaea Impact Investments**

Having spent 10 years in the legal profession and then an investor in two highly successful education businesses; Think Education Group & Open Colleges Australia, Karen changed direction in 2015 and joined the world of impact investing. A Founding Partner of Pangaea Impact Investments, Karen focuses on supporting passionate social entrepreneurs who are tackling some of society's toughest social problems.

**Jessica Roth / Founder & Director | Social Impact Hub**

Jessica is the Founder and Director of the Social Impact Hub, a purpose driven consultancy that brings together university students with social purpose organisations to help them design, support, demonstrate and scale social impact. The Hub also supports funders to effectively help organisations grow through capacity building funding and impact investing.

**FACILITATED BY: Prof Joe Steensma / Academic | Washington University / St Louis - Professor in Environmental Health and Social Entrepreneurship**
